

INTRODUCTION

TIM MOUSSEAU (MOO-SO)

My name is (Your Full Name), and I am the (position) for (organization), and it's my pleasure to welcome you to today's program.

Tim Mousseau's work centers on one idea: Everyone deserves to **feel** safe. He profoundly believes this because, as a survivor of workplace sexual harassment, he knows how isolating and exhausting it is to endure a toxic culture.

As the founder of the research consulting firm, Create Safe, Tim partners with leaders and organizations to help connect their people's creative ideas and authentic voices to forward-thinking organizational practices.

Create Safe has conducted original research with over 1,500+ participants focused on what it means for people to feel safe, how moments of harm influence behavioral patterns, and identifying proven tactics to cultivate human-centered organizations.

Tim received his Master's in Organizational Leadership from Gonzaga and is currently pursuing a Master of Science in Neuroscience and Education from Columbia. Tim is also an author, writing children's books with his wife, Skylar.

Please help me welcome Tim Mousseau.
